

State Presidents, Presidents-Elect, and State Health Chairs:

On August 30, National PTA will host a conference call to provide technical assistance to PTA units for the Healthy Lifestyles Grant. This will be a great opportunity for your PTA units to learn more about how to apply for a Healthy Lifestyles Grant and to get some helpful advice as they create their grant applications. During the call National PTA staff will provide an overview of the grant program, will walk through the grant application section by section, and will answer any questions that your units might have about their application or about Healthy Lifestyles.

Please note that the application is different from last year's, so please encourage your leaders to participate. For those who may not be able to participate, we will send out the meeting materials to this group following the call to share with your leaders.

Below is an invitation that you can use to encourage your units to participate. Please post on your web sites, in your social networks, and in your email newsletters.
